 AND CAMP-RESORT GUIDE

## WELCOME FRIENDS!

The Esler and Love families would like to welcome you to Yogi Bear's Jellystone Park in Bagley, Wisconsin. Our park is nestled in the beautiful Mississippi River Valley with tall bluffs on one side and the river about 100 yards across the road on the other side.

While being in a beautiful lush valley our park has some unique characteristics. First of all, 2 sets of railroad tracks run past our entrance (across the road), so if you think this may bother you let us know when you call and we can suggest some quieter areas in our park.

Secondly, we are a long and narrow park with most of our park only 2 campsites wide. This offers a comfortable setting without fellow campers having to walk through your site to get to a bathhouse, activities etc.

Also because of the high bluffs around the park cell phone reception is limited. There are several spots that have coverage but not all sites get reception. So leave friends and family our park phone number and we will be glad to notify you of any messages.

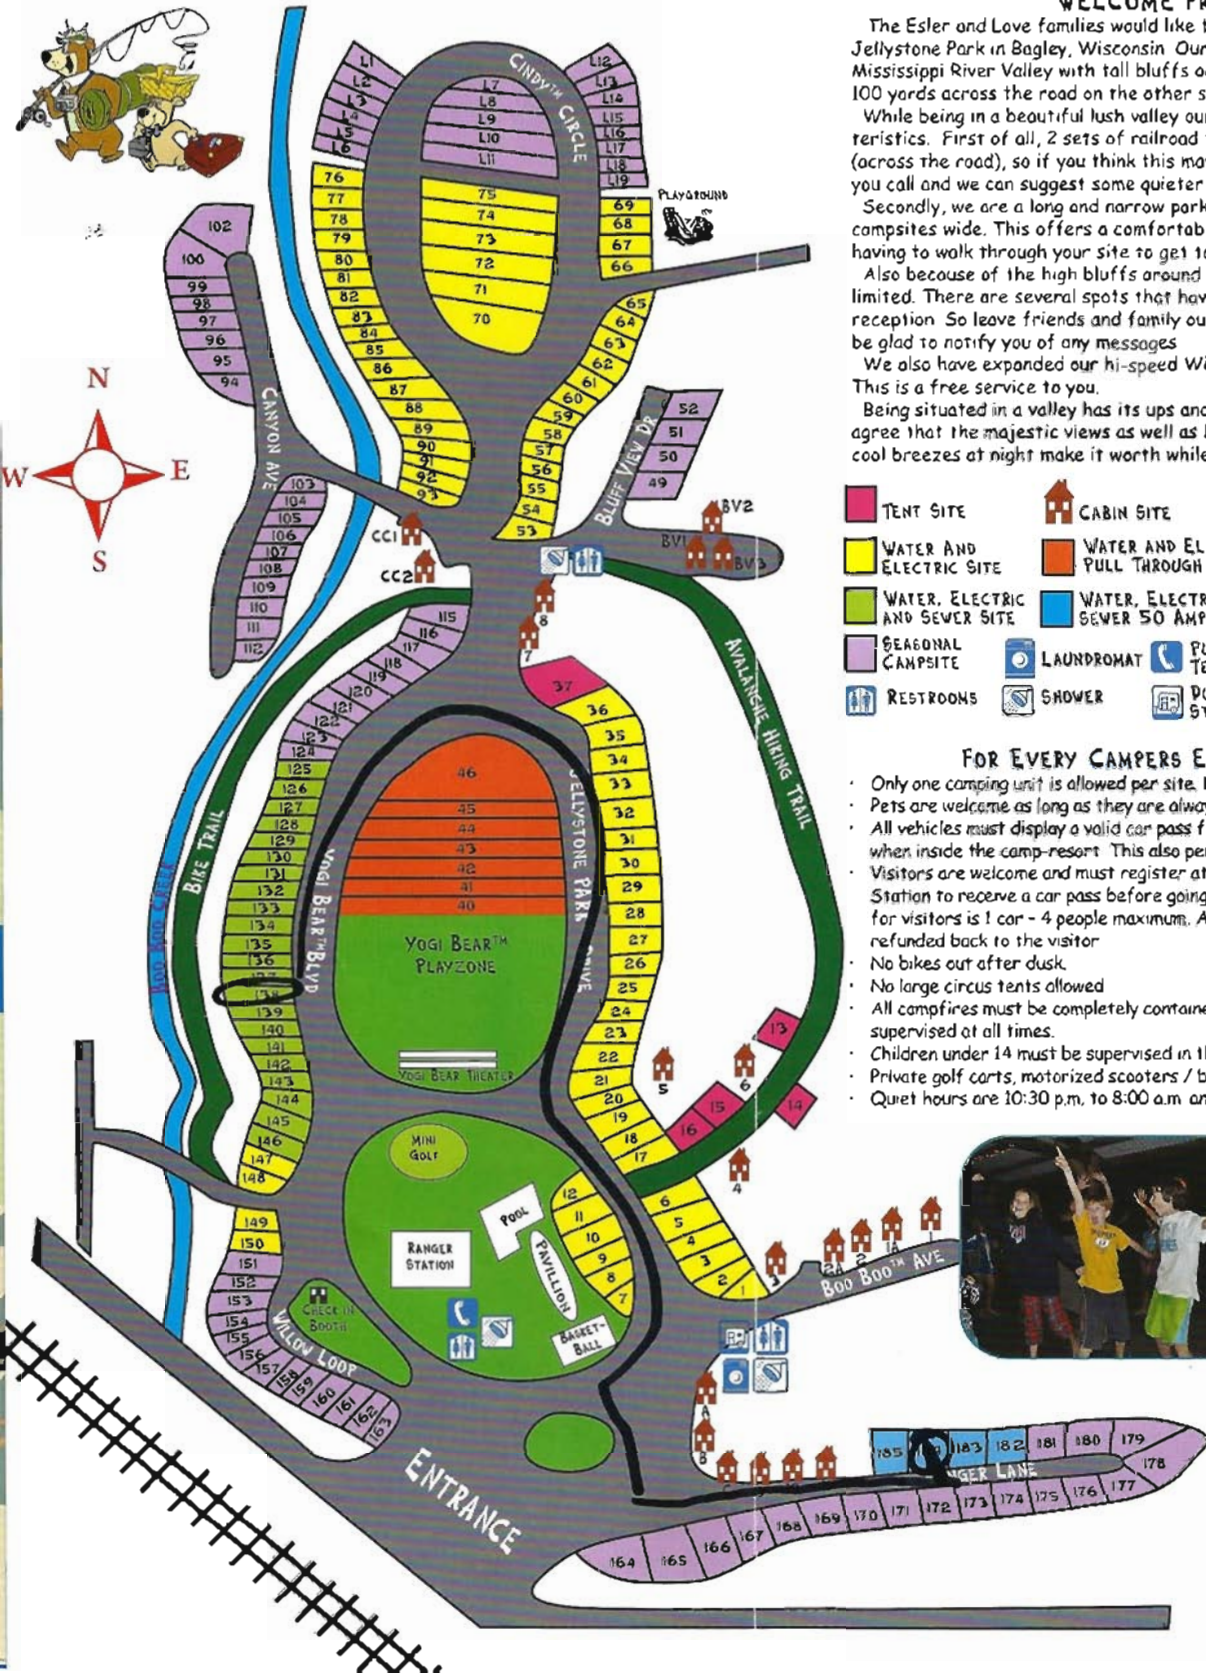

We also have expanded our hi-speed Wifi to cover most of the park. This is a free service to you.

Being situated in a valley has its ups and downs but we hope that you will agree that the majestic views as well as lush grass, beautiful trees and cool breezes at night make it worth while.
